DINING

Sydney Rock Oysters

Oysters grow naturally on the rocks of estuaries along the Eastern Australian coastline, from Wingan Inlet in eastern VIC to Moreton Bay in QLD. These native oysters are known as Sydney Rock Oysters.

Grasslands Premium Beef, NSW

Grasslands Premium Beef is produced from free-range cattle that have been raised on natural pastures. The cattle are free from antibiotics and added hormones, and are Meat Standards Australia (MSA) graded.

Riverina Pasture Fed Beef, NSW

Pasture (Grass) Fed Beef is a leaner more nutritionally balanced option. It has four times the Vitamin E than Grain Fed Beef. It is marbled with high levels of Omega 3 fats (good fats) as opposed to the high levels of saturated fats found in other meats. Pasture Fed Beef also has high levels of the nutrient CLA (Conjugated Linoleic Acid). Working with our suppliers in Wagga Wagga, the cattle are raised on natural pasture, resulting in a lean and tender, export quality product graded from the top 1% of Australian Beef.

Certified Angus Beef, NSW

Certified Australian Premium Black Angus has a proven reputation for excellence by combining the superior eating quality of the Angus breed and science of the Meat Standards Australia (MSA) grading system.

Nolans Private Selection - Gympie S.E. QLD

Private Selection is Nolans' premium brand of beef and is produced from grain finished yearling beef, renowned for its tender stretch process and superior eating quality.

Westholme Wagyu. Queensland, Australia

Australian wagyu is prized for its unique balance of flavour and fine marbling, a result of the craft that goes into every cut. Westholme excels for its distinguished bloodlines, careful breeding, rigorous animal welfare, and the pristine northern Australian rangelands where Westholme's herd is born and raised. Cattle are finished on a proprietary grain mix for 330 days, resulting in the appearance, flavour and mouthfeel that sets this wagyu apart.

Havericks Dry Aged Beef

Our dry-aged beef is stored in a cooler, where a balance of time, temperature, air circulation and humidity slowly develop the flavour and tenderness of the beef. A crust forms on the outside of the loin and is trimmed away, leaving a buttery taste and nutty aroma.

- 1 **Shank** - Best slow cooked
- 2 **Silverside** - Great roasted or corned in brine and boiled
- 3 **Knuckle** - Needs to be braised slowly

- 4 **Rump**
This breaks down into three muscles, top sirloin, eye and centre cut. Rump has a great flavour but has a firmer texture than fillet or striploin
- 5 **Fillet**
The most tender steak with the lowest amount of fat, best eaten blue
- 5 **T-Bone**
The best of both worlds, some fillet and some striploin, and the bone makes this cut even juicier with full flavour

- 6 **Flank** - Diced and slow cooked

- 7 **Striploin / Sirloin**
One of the leaner cuts, also known as Porterhouse Steak
- 8 **Rib Eye / Rib on Bone**
Highly marbled making it a juicy steak with lots of flavour, it has a higher fat content than most steaks but fat means flavour

- 9 **Brisket** - Roasted or corned in brine and boiled
- 10 **Chuck Blade** - Diced and slow cooked for braise
- 11 **Shin** - Best braised
